FROM: José M. Rivera, Executive Director *JMR* 2/20/18
SUBJECT: STATE FISCAL YEAR (SFY) 2017-2018 UPWP Administrative Modifications
DATE: February 20, 2018

This is to inform you that a SFY 2017-2018 UPWP Administrative Modification has occurred.

Details of the modification are:

Council resolution #2017-1, from February 22, 2017, adopted the 2017-2018 UPWP which included the Transportation Investment to Support Affordable Housing project (PTCP17D00.G01). The project scope listed several potential study areas and noted that additional study areas might be announced during the program year. Downtown Brooklyn, Bushwick, Bronx Metro-North, Industry City, North Brooklyn, and Kew Gardens have been added to this project.

This modification was initiated by NYC Department of City Planning staff. It clarifies the project scope of an approved project in the SFY 2017-2018 UPWP. No funding changes are required.

This is not a UPWP amendment, therefore, no formal action will be required by PFAC. If you have any questions, please contact Seitu Allen of my staff at (212) 383-1885 or Seitu.Allen@dot.ny.gov.
