

Freight Mobility in the Burgeoning Northeast Megaregion Is the Highlight of NYMTC June 13 Webinar

WHAT:

Over 44 million square feet of freight-based development has been added in the Lehigh Valley, Pennsylvania since 2015, making it one of the fastest growing industrial markets in the US. Learn about the local, regional, and mega-regional collaborations that are balancing needs, revisioning infrastructure, and positioning the Lehigh Valley in the evolving global freight economy during the New York Metropolitan Transportation Council's (NYMTC) Brown Bag webinar, "The Evolving Megaregion: Revisioning Freight Development and Mobility in Eastern Pennsylvania" on Wednesday, June 12th at noon.

WHO:

Becky Bradley, Executive Director
Lehigh Valley Planning Commission

WHEN:

Wednesday, June 12th from Noon through 1:00 pm

WHERE:

Join us online or by phone:

ABOUT NYMTC:

NYMTC is the federally mandated council of governments that directs the use of billions of dollars in federal transportation funds for New York City, Long Island, and the Lower Hudson Valley.

As the area's Metropolitan Planning Organization (MPO), NYMTC provides a collaborative planning forum that addresses transportation-related issues and develops regional plans and goals through a shared vision for its regional transportation network.

NYMTC's council is comprised of nine voting members and seven advisory members representing 2,440 square miles and serving a population of 13 million – approximately 65% of New York State's residents. Between fiscal years 2023-2027, over 1,000 transportation projects will be funded in the NYMTC region totaling \$36.9 billion.
