Smart Truck Management Plan

Process

DOT STRATEGIC PLAN 2016

Freight Goals

1. In partnership with the freight industry, **improve the safety, environmental performance, and economic efficiency of truck deliveries** across the five boroughs.
2. **Foster a culture of regulatory compliance** in the trucking industry.
3. **Expand partnerships with the freight and trucking industry** to encourage sharing of data to better manage truck movements throughout the City.

Smart Truck Management Plan

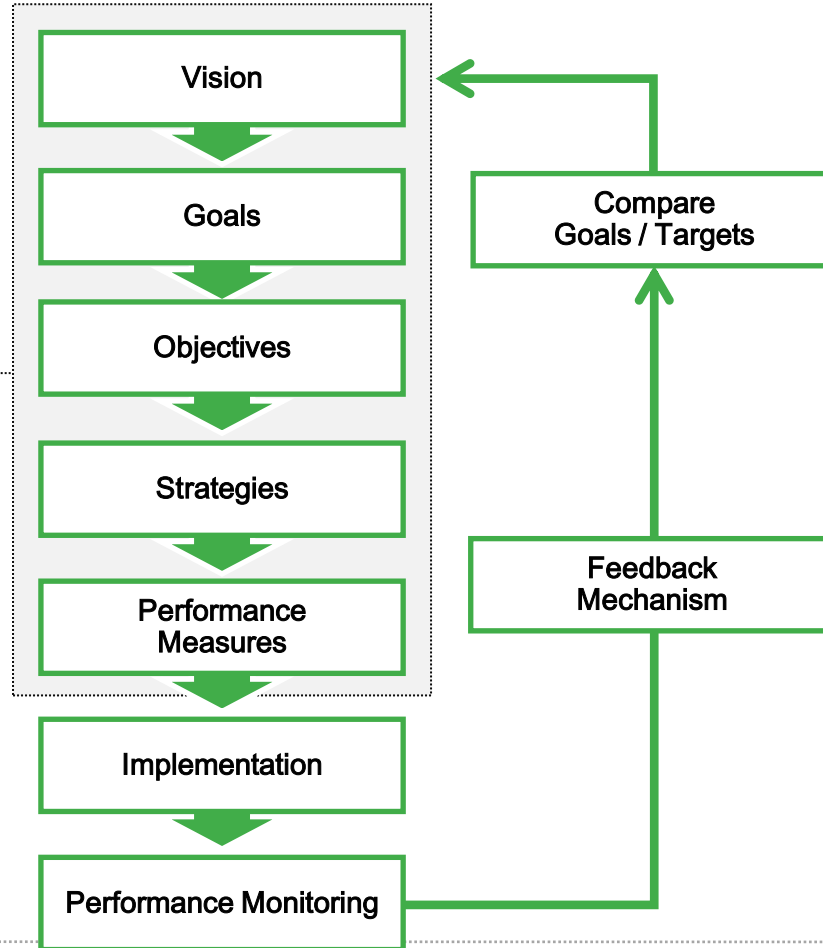

Guiding Questions

- 1 How can we improve freight mobility using the infrastructure we already have?
- 2 How can we help the industry succeed while reducing the negative externalities associated with freight activity?
- 3 How can we work in partnership with the freight industry?

Smart Truck Management Plan

Framework

Smart Truck Management Vision Plan

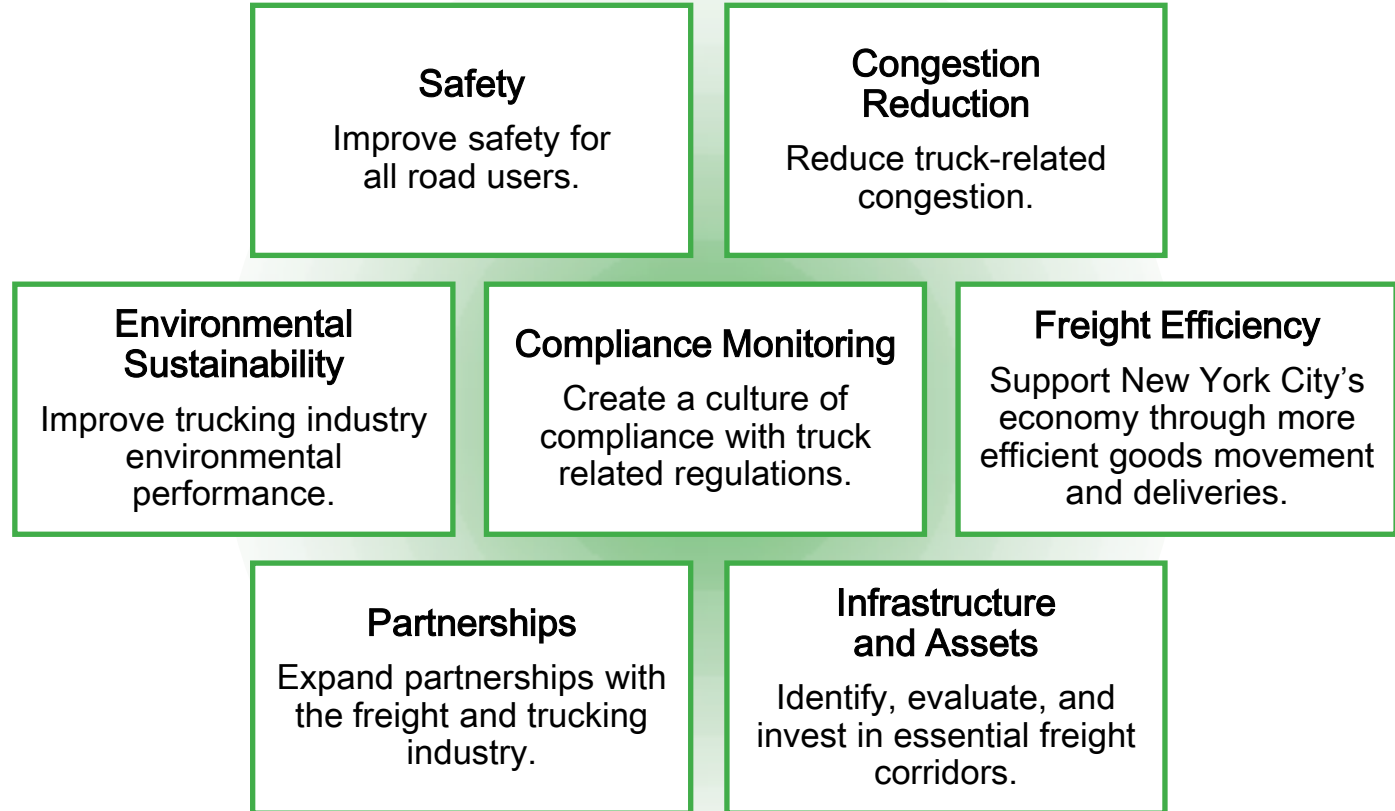

Smart Truck Management Plan

Vision Statement

“Enhance the economic vitality and quality of life for all New Yorkers by providing for the safe, efficient, and environmentally responsible movement of goods.”
